TREES FOR FOREST PLANTING

HARDY EVERGREEN LINING OUT STOCK

CONTRACT FOREST PLANTING

FRYEBURG, MAINE

April 1, 1929

Dear Tree Lover:-

This little folder comes to you as a result of hundreds of inquiries which we have received in the last month. We have found that homemakers everywhere want trees to beautify their grounds, and at a price that is reasonable.

So we have made this considerable effort to obtain for you a variety of good trees, which we are offering you at exceptional prices. We do not know of any other reliable nursery where trees may be bought at such low prices or where your interests are so carefully looked after.

Here are two new collections of trees (and one other), which include species that are generally hard to get and costly to buy. The quantity we have is limited, and if you really want to take advantage of this remarkable opportunity, fill in the order blank on the reverse side and mail it to us today with your check or money order.

Sincerely yours,

WESTERN MAINE FOREST NURSERY

Here are three different collections of SPLENDID TREES

which will in a short time become beautiful, ornamental trees of considerable worth. They all have excellent root systems to insure good growth. (Number of T's indicate number of times transplanted.)

COLLECTION No. 3

25 4 yr. T. 4-7″ Norway Spruce
25 4 yr. T. 4-8″ White Spruce
25 4 yr. T. 4-8″ Norway Pine
25 4 yr. T. 6-10″ Scotch Pine

All for $3.50
(Weight, packed, 14 lbs.)

COLLECTION NO. 4

25 5 yr. T. 6-12″ Red Pine
25 4 yr. T. 9-14″ Norway Spruce
10 4 yr. T. 3-6″ Mugho Pine
10 4 yr. TT. 4-7″ Douglas Fir
10 5 yr. T. 6-14″ Austrian Pine

An unusual collection of trees,
80 trees for only $5.00.
(Approximate weight, packed, 14 lbs.)

COLLECTION NO. 5

25 6 yr. TT. 8-14″ White Spruce
25 4 yr. T. 6-9″ Scotch Pine
20 5 yr. TTT. 9-15″ American Arborvitæ
10 4 yr. T. 4-8″ Balsam Fir

A rare group which includes the ever popular AMERICAN ARBORVITÆ and BALSAM FIR,
80 trees for $6.00
(Approximate weight, packed, 14 lbs.)

Order these collections by number. Please do not change these collections in ordering. If you want different combinations from those listed above, make your own selection, using the list and prices quoted below:

	Age	Size	Per 10	Per 25	Per 100
American Arborvitæ,	5 yr.	9-15″	$1.75	$3.50	$12.00
Douglas Fir,	4 yr.	4-7″	1.25	2.50	9.50
Austrian Pine,	5 yr.	6-14″	1.25	2.50	8.50
Balsam Fir,	4 yr.	4-8″	1.25	2.50	8.50
White Spruce,	6 yr.	8-14″	1.25	2.50	8.50
Mugho Pine,	4 yr.	3-6″	1.25	2.50	9.50
Scotch Pine,	4 yr.	6-9″	.50	1.00	3.50
Red Pine,	5 yr.	6-12″	.75	1.25	4.00
Norway Spruce,	4 yr.	9-14″	.75	1.25	4.00

All these trees once, twice or three times transplanted.
Approximate weight for
10, 3 lbs.
25, 6 lbs.
100, 14 lbs.

These little trees will be carefully tagged, wrapped in wet moss, waterproof paper and burlap, and we guarantee their safe delivery to you. They will be shipped between May 1 and 10. The trees will be frozen into the ground until that time, and as they will be absolutely dormant when shipped, it will be perfectly safe to plant them even in southern points where warm weather has already arrived. We recommend shipment by express, but parcel post shipments can be made when more convenient for you. Do not send money for express or parcel post. Express shipments go collect and parcel post shipments C. O. D. for the amount of postage. Your express agent will be glad to give you the rate to your address. You will be surprised how little it will cost.

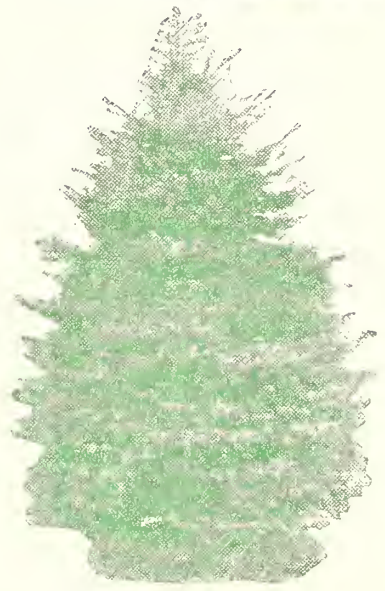
DESCRIPTION OF VARIETIES OFFERED



WHITE SPRUCE	Upright and symmetrical; light, silvery green foliage. Makes satisfactory hedges and windbreaks. Will stand clipping and pruning. Prefers heavy soil and will grow in shade. Average 60-75′ at maturity.
NORWAY SPRUCE	Graceful, symmetrical tree of rapid growth. Pendulous branches, dark green foliage. Makes good hedges and windbreaks, as well as specimen trees. Will grow in shade and will live in either light or heavy soil. Average about 80′ at maturity.
BALSAM FIR	Symmetrical, fragrant. Flat blue-green needles. Prefers medium to heavy soil and will grow in shade. Average about 50′ at maturity.
DOUGLAS FIR	Soft, dark bluish-green needles. Beautiful in shape. Will grow to great height. The magnificent spruce, native of the west. Hardy and rapid growing. Does best in medium to heavy soil. Average 100′ at maturity.
RED PINE	Dense foliage, beautiful, long, deep green needles. Rapid growing. Will thrive in dry soil. Requires sunlight. Average at maturity 100′.
SCOTCH PINE	Rapid growing and very ornamental. Light gray-green foliage. Will grow in poor soil and adverse conditions. Good for screens where quick growth is required. Average at maturity 50-60′.
MUGHO PINE	Dwarf, compact; slow growing. Very hardy. Heavy, dark green spills. Good for low plantings, borders, rockwork, hillsides. Will grow in medium soil. Average 5-6′ at maturity.
AUSTRIAN PINE	Vigorous grower; long, dark green foliage. Will thrive in sandy dry soil. Excellent for seashore plantings. Average 50-60′ at maturity.
AMERICAN ARBORVITÆ	Dense columnar growth, flat leaved. Excellent for hedges. Will stand severe clipping. Make good tub or specimen trees. Does well in either moist or dry land. Average at maturity 20-30′.

All the trees on the opposite page are large enough so that they may be planted safely in their permanent places, or they may be set out in a corner of your garden or other cleared area where they can be watered during especially dry seasons.

In this case they should be set about one foot apart and they can be left for three or four years, if so desired, without being moved. For hedges or windbreaks, they should be planted two feet apart and later every other one can be taken out. In four years any one of these trees should be worth the amount which we ask for the hundred. If you wish to keep them at a given height, this may be done by nipping off the buds in the early spring, which will make the trees fill out and grow bushy.

With average soil, fertilizer is not necessary, but in any case it would be of some benefit. We recommend the use of a very SMALL amount of ammonium sulphate, which can be obtained from your Ford dealer.
